

KOH-I-NOOR®

INDIA INKS

Ink Range: 5 • Sizes: .75 oz - 8 oz.

Acetate Ink, .75 oz

Acetate Ink is designed especially for use on acetate and film. It is an opaque black waterproof ink with a short open time. It dries quickly with a matte sheen, and can be cleaned or erased from film with Koh-I-Lar® Liquid Eraser. Ideal for use with technical pens and brush applications.

Opaque

Rapidplot® Ink, 1 oz

Rapidplot® ink is an archival, waterproof ink designed for use on film. It has a slower dry time than the Koh-I-Noor® Acetate and Rapid raw® inks, and erases with Koh-I-Lar® Liquid Eraser. Can be used with plotter pens, technical pens, crowquill pens, and brushes, and cleans easily with Rapidoeeze® Pen Cleaner.

Opaque

Ultradraw® Ink, .75 oz, 8 oz.

Designed especially for technical pens, this non-clogging ink is waterproof, pigmented, fadeless and acid-free. It's long open time allows it to dry slowly. It erases easily from film with Koh-I-Lar® Liquid Eraser, and is also compatible paper and board. Use Ultradraw® in calligraphy pens, crowquill pens, airbrush, and brushes.
